Introduction

The CaseTrust Accreditation Scheme for Renovation Businesses (Silver) was developed for renovation businesses owning or operating single or multiple business-to-consumer business entities at one common operating address. Under this scheme, the respective business entities are audited under a set of stringent and comprehensive criteria, covering the aspects of proper store policies, ethical advertising and fair dispute resolution procedures, staff capabilities as well as staff training.

Some of the unique points for this scheme

- All business entities applying to be accredited by CaseTrust are required to purchase a **Deposit Performance Bond** to safeguard deposit payments against closure, winding up and/or liquidation among others.
- All such business entities must adopt the **CaseTrust Standard Renovation Contract**.

The business entities that obtained the CaseTrust accreditation would be able to display the CaseTrust logo on their shop front and marketing materials as a sign of their commitment to fair trading.

For consumers who engaged CaseTrust accredited contractors, it gives them the assurance that these businesses have good service standards, integrity and well-trained staff.

How does CaseTrust benefit businesses?

- Greater Exposure through CaseTrust's publicity efforts for its accredited businesses.
 - ✓ Coverage through advertising and publicity campaigns by CASE
 - ✓ Joint Advertising campaigns
 - ✓ CASE quarterly magazine "The Consumer" with circulation of over 4,000 readers
 - ✓ Ride onto CASE related articles on newspapers and television programmes
 - ✓ Free listing on CaseTrust website
- Gain immediate recognition by consumers as a business they can trust.
- Prepares merchants for the Consumer Protection (Fair Trading) Act, thereby having a Competitive Edge over non-accredited businesses.
- CaseTrust-accredited renovation companies benefit from enhanced recognition on the Housing and Development Board (HDB)'s Directory of Renovation Contractors (DRC). They enjoy a longer listing validity of 5 years instead of 4, subject to prevailing conditions, and require only 1 year of experience in renovation works to qualify, compared to the usual 3 years for non-accredited contractors.
